Tonino Lamborghini

LUXURY SURFACES

"Nel 1981 fondai l'azienda Tonino Lamborghini Style and Accessories. In quel periodo stavo coadiuvando mio padre nelle aziende di famiglia, ma sentivo il bisogno di fare qualcosa di esclusivamente mio, diverso dal mondo dei motori.

Da sempre ero appassionato di moda e accessori e per il design presi ispirazione dal mio background ingegneristico. Sono sempre stato attratto dai prodotti legati a un concetto meccanico, pertanto non per un caso il mio primo accessorio Tonino Lamborghini fu un orologio.

E ancora oggi in ogni mio prodotto non deve mancare un dettaglio in qualche modo correlato all'heritage meccanico e ingegneristico della mia famiglia. Spirito senza compromessi, design e italianità, uniti al leggendario retaggio di un mito senza tempo: questi i valori che caratterizzano il mio marchio. La mission dell'azienda Tonino Lamborghini è chiara: esportare la passione e lo spirito della cultura italiana attraverso prodotti dal design unico e distintivo, ispirato al design industriale italiano e alla storia della famiglia Lamborghini".

"In 1981, I started up my new Tonino Lamborghini Style and Accessories company. At the time I was assisting my father in the family group, but I felt the need to do something exclusively of my own, different from the world of engines.

I have always been interested in design and accessories and I took inspiration from my engineering background. I've always loved products linked to mechanics, thus it was obvious for me that the first accessory I designed was a watch.

And even today in every product I create there must not be missing a detail somehow related to the mechanical and engineering heritage of my family. Uncompromising spirit, Italian ingenuity and design - together with the timeless legend of a brand recognized throughout the globe: these are the values that characterize my brand.

The mission of my company is clear: to spread the passion and spirit of Italy with unique and distinctive products, inspired by Italian industrial design and the Lamborghini family's story".

Tonino Lamborghini

Tonino Lamborghini

Tonino Lamborghini, lifestyle experience brand di accessori e progetti real estate di lusso, e il Gruppo Italcer, hub del design nella ceramica Made in Italy e nell’arredo bagno alto di gamma, hanno siglato un accordo per la nuova collezione di pavimenti e rivestimenti a marchio Tonino Lamborghini Luxury Surfaces.

“La partnership con Italcer rappresenta un’ulteriore conferma del nostro impegno ad esportare nel mondo la passione e lo spirito del lifestyle italiano sotto forma di progetti unici e distintivi che uniscono l’eccellenza del design e della manifattura italiana. Inoltre, il know how e la tecnologia produttiva di La Fabbrica arricchiranno a livello sia qualitativo che estetico il progetto Tonino Lamborghini HOME, che comprende già linee di arredo, rubinetteria, accessori per la casa e gli uffici per un total living di lusso fortemente ispirato al nostro family heritage.”

Tonino Lamborghini
Presidente di Tonino Lamborghini S.p.A.

Tonino Lamborghini, a luxury accessories and real estate projects lifestyle experience brand, and Italcer Group, a hub of Italian ceramic design and high-end bathroom furnishings, have signed an agreement for the new collection of floor and wall surfaces bearing the Tonino Lamborghini Luxury Surfaces trademark.

“ The partnership with Italcer is a further confirmation of our commitment to exporting the passion and spirit of Italian lifestyle throughout the world, in the form of unique and distinctive projects that combine the excellence of Italian design and workmanship. Furthermore, the know-how and production technology of La Fabbrica will enrich in qualitative and aesthetic terms the Tonino Lamborghini HOME project, which already includes furnishing, faucets and accessory collections for the home and office, for a luxury total living experience that is strongly inspired by our family heritage.”

KORIUM

KORIUM, la serie "effetto-cuoio" ispirata alla collezione di accessori in pelle Tonino Lamborghini. Un prodotto di classe, che incanta per la sua capacità di superare con stile i limiti del rigore materico dettato dalla ceramica. **Un design avvolgente**, che eleva a un'eleganza assoluta gli ambienti dell'indoor.

KORIUM, the "leather-effect" series inspired by the Tonino Lamborghini leather goods collection. A high-class product that delights for its sublime ability to overcome with style the limits of ceramics material rigour. **The enfolding design** elevates the indoor space, creating an atmosphere of **absolute elegance**.

WALL

KORIUM SQUARE

La pelle, da sempre sinonimo di **eleganza e raffinatezza**, è un materiale molto duttile. Il suo **effetto artigianale**, le **cuciture** al tatto in rilievo e i **due effetti di superficie matt e semi-matt** tipici della pelle, conferiscono a **SQUARE**, il primo decoro della serie, un effetto di artigiana ricerca che contraddistingue il **MADE IN ITALY**.

Synonymous of **elegance and refinement**, leather is a very ductile material.

Its **handcrafted feel**, the **raised stitching** and the two finishes of the leather, **matt and semi-matt**, gives **SQUARE**, the first variant of the series, the signature of **Italian craftsmanship excellence**.

KORIUM SQUARE SIGN

Il gioco delle geometrie e la ricerca del dettaglio rendono esclusivo il decoro **SQUARE SIGN**. Riquadri di pelle cuciti e impreziositi dalla **texture LT** di Tonino Lamborghini, creano una sofisticata soluzione che esalta la raffinatezza della serie.

The geometries and attention to detail in the **SQUARE SIGN** design provide an exclusive touch. Stitched squares of leather, accented with **Tonino Lamborghini's LT texture**, create a sophisticated solution, bringing out the refined appeal of the series.

COLOURFUL SERIES

VERSATILITÀ e CREATIVITÀ per rendere unica qualsiasi formula di progettazione. La **COLOURFUL SERIES** offre una gamma di colori vivaci che rende la serie KORIMUM adatta anche per la creazione di progetti da parte di professionisti. L'intera collezione, che ben si adatta a possibili tagli personali sui formati della serie, trova massima libertà espressiva nella Colourful Series. Spazio all'estro e all'immaginazione per creare giochi di colore ed effetti geometrici, per infinite possibilità di posa.

VERSATILITY and CREATIVITY to make any interior design project unique. The **COLOURFUL SERIES** offers a range of bright colours that make KORIMUM the perfect choice for professional projects. The entire collection can be adapted to personal styles through different formats, thus in the Colourful Series this concept is brought to full creative expression. Fantasy and imagination are given space to play with colour and geometric effects. The layout pattern possibilities are endless.

KORIUM DIAGONAL

COLOURFUL SERIES

Il più estroso della serie, il concept di **DIAGONAL** attinge al design degli arredi a marchio Tonino Lamborghini e al mondo dell'interior design del Toro. Un unico contenitore con molteplici soluzioni compositive, **un connubio tra rivestimento e arredamento per una continuità estetica di stile** con l'universo Tonino Lamborghini.

The most whimsical of the series, **DIAGONAL** is inspired by Tonino Lamborghini's signature furnishings and the shapes of its interior design world. It is a single container with multiple layout pattern solutions, **a fusion between wall coverings and furnishings to ensure aesthetic continuity** with the distinctive Tonino Lamborghini universe.

AVVERTENZE

- Prodotto su richiesta: articolo realizzato esclusivamente su ordinazione. Tempo di produzione indicativo: 4 settimane dalla conferma d'ordine. Eventuali variazioni di tonalità non costituiscono motivo di contestazione o annullamento.
- Variazioni cromatiche: la lavorazione artigianale a freddo può generare differenze di tonalità, sfumature ed effetti superficiali rispetto a campioni o altri prodotti della gamma. Tali variazioni sono caratteristiche intrinseche della lavorazione e non difetti.
- Caratteristiche e movimentazione: prodotto di elevato valore materico ed estetico, ma intrinsecamente fragile e delicato. Deve essere movimentato, lavorato e posato con la massima cura, analogamente ai materiali vetrosi.
- Limitazione di responsabilità: eventuali danni derivanti da movimentazione, taglio o posa non conforme non sono imputabili al fornitore e non costituiscono motivo di contestazione.

WARNINGS

- Available on request: this item is manufactured exclusively to order. Estimated production lead time: 4 weeks from order confirmation. Any variations in shade shall not constitute grounds for complaint or order cancellation.
- Colour variations: the artisanal cold-working process may result in differences in shade, nuances and surface effects compared with samples or other products in the range. These variations are inherent characteristics of the process and shall not be considered defects.
- Characteristics and handling: this product offers high material and aesthetic value, but is inherently fragile and delicate. It must be handled, cut and installed with the utmost care, similarly to glass materials.
- Limitation of liability: any damage resulting from improper handling, cutting or installation shall not be attributable to the supplier and shall not constitute grounds for complaint.

INFORMAZIONI GENERALI
PER LE LASTRE DA RIVESTIMENTO | WALL

DESTINAZIONE D’USO

Lastre decorate con innovative tecniche artigianali destinate esclusivamente al rivestimento di pareti interne.

INDICAZIONI GENERALI

KORIUM è una selezione di pattern realizzati su lastre di gres porcellanato rettificato spessore nominale 6 mm. Eventuali piccole imperfezioni sono da considerarsi una caratteristica propria del prodotto dovuta al processo produttivo. Questa innovativa tecnica decorativa migliora la definizione e la profondità dei colori, rendendo la resistenza superficiale all’abrasione meno performante rispetto al gres porcellanato tradizionale. Per questo motivo è necessario attenersi alle istruzioni riportate di seguito presenti anche su cataloghi e imballi.

MOVIMENTAZIONE

Non utilizzare ventose. Evitare il contatto con materiali abrasivi e lo strofinamento con altre lastre o con il piano di lavoro. Non appoggiare sulla superficie utensili o altri materiale che potrebbero danneggiare il prodotto.

ISTRUZIONI PER IL TAGLIO

È essenziale lavorare su una superficie planare e pulita. Prestare la massima attenzione durante questa operazione per non danneggiare le lastre facendole urtare contro oggetti acuminati. Il materiale può essere tagliato e forato utilizzando macchine e strumenti solitamente usati per tradizionale gres porcellanato; non utilizzare il flessibile per tagliare le lastre.

TAGLIO

Eventuali tagli devono essere eseguiti incidendo esclusivamente il retro della lastra. Verificare che il piano di appoggio sia perfettamente pulito e privo di ogni asperità che possa danneggiare il materiale. Utilizzare eventualmente, a scopo protettivo, un foglio pulito in cartone.

FORI e SCASSI

Fori e scassi devono essere eseguiti incidendo la superficie della lastra sul retro.

POSA

NON USARE ASSOLUTAMENTE DEI DISTANZIATORI LIVELLANTI. Le nostre lastre decorate presentano grafiche con prese, tali prese sono calibrate con 1 mm di fuga. Essendo materiale sottile, la parete deve essere dritta. Non partire mai raso terra ma lasciare 4 mm dal fondo mettendo in bolla il materiale e le grafiche.

Questo accorgimento può tornare utile nel caso serva per i vari incastri del disegno, poiché ci troviamo ad operare spesso su pavimenti non perfettamente planari.

STUCCATURA

Consigliamo l’uso di soli sigillanti cementizi extrafini e spatole in materiale plastico, avendo cura di pulire i residui prima dell’indurimento dello stucco con acqua e spugna non abrasiva, evitando di danneggiare la superficie della lastra. Non utilizzare prodotti a base di silicone acetico per la sigillatura di infissi, docce o sanitari alla superficie ceramica; utilizzare in alternativa siliconi neutri proteggendo preventivamente la superficie della piastrella con scotch di carta. Prestare la massima cura attenzione e delicatezza nel rimuovere lo scotch di carta usato in prossimità dei bordi tagliati per proteggerli in fase di stuccatura (usare solo questo tipo di nastro adesivo). Alla fine della stuccatura e della pulizia rimuovere lo scotch.

PULIZIE QUOTIDIANE

Utilizzare detergenti neutri e/o acqua, pulendo con straccio in microfibra o spugna morbida. Prodotti acidi anticalcare possono essere utilizzati avendo cura di risciacquare rapidamente la superficie con acqua dopo l’applicazione. Non utilizzare solventi (alcol e simili) né spugne abrasive o elementi graffianti.

DESTINATION USE AND MAINTENANCE
INSTRUCTIONS FOR WALL TILE SLABS | WALL

INTENDED USE

Design slabs with innovative production techniques, designed exclusively for interior wall coverings.

GENERAL INSTRUCTIONS

KORIUM is a selection of structured designs on 6 mm nominal thin rectified high-end porcelain stoneware. Small imperfections are considered as a distinctive characteristic of the product due to the one of a kind production process. The innovative technique brings a unique definition and depth of colours and shapes, having though less surface abrasion resistance than traditional porcelain stoneware, therefore strictly follow the instructions given here below and also in our catalogues and packaging.

HANDLING

Do not use suction cups. When handling avoid contact with abrasive material and rubbing against other slabs or worktops. Do not place tools or any other material on the slab’s surface that could damage the product.

CUTTING INSTRUCTIONS

Working on a flat and clean surface is essential. Pay the utmost attention during this operation to avoid damaging the slabs having them hit against sharp objects. The material can be cut and drilled using machines and tools usually used for traditional porcelain stoneware; do not use an angle grinder to cut the slabs.

CUTTING

Cuts must be executed only on the back of the slab. The worktop must be perfectly clean from dirt and debris that may damage the product. If needed, as precautionary measure, use a clean cardboard to protect it.

DRILLING AND HOLES

Drillings and holes must be executed starting from an incision on the back of the slabs.

LAYING

NEVER USE LEVELLING SPACERS. Our decorated slabs feature graphics running from piece to piece through a 1 mm joint. As a very thin material, the wall must be straight. Always start with the laying from the ground leaving 4 mm from the bottom, levelling the material and the graphics. This

precaution can also be useful may you need to mate the graphics. This is a precaution as usually the floors are not perfectly flat.

GROUTING

We only recommend to use extra-fine cementitious sealants and plastic spatulas, taking care to clean any grout residues before hardening with water and non-abrasive sponge to avoid damaging the slabs’ surface. Do not use acetic silicone-based products for sealing window frames, showers or sanitaryware to the ceramic surface; as an alternative, use neutral silicones, protecting the tile surface beforehand with a paper masking tape. Take the utmost care and delicacy when removing the paper masking tape used to protect the edges of the material during grouting (use only this type of adhesive tape) near the cut edges. Remove the paper scotch after grouting and cleaning.

DAILY MAINTENANCE

Use neutral detergents and/or water, and clean with a microfibre cloth or soft sponge. Acid based limescale products can be used, making sure to carefully rinse the surface with water straight after application. Do not use solvents (alcohol and the like) or abrasive sponges or scratchy elements.
